

AQUA NERA CRUISE

November - May
05 days / 04 nights

Itinerary:

Day 01: Iquitos – Nauta – Embarkation

Arriving on a noon flight*, receive a warm welcome at Iquitos International Airport by our crew and enjoy lunch at a local restaurant. The afternoon continues with an introduction to the historic city of Iquitos and the opportunity to visit an indigenous Amazon community. Settle into your generously sized suite as you begin one of life's greatest adventures. Following an introduction to our naturalist guides and a routine safety drill, gather at the restaurant for the first of many Amazonian cuisine experiences created by Aqua Nera's renowned consulting chef, Pedro Miguel Schiaffino.

*Separate arrangements can be made for morning arrivals.

Day 2: Yanayacu – Pucate River – Lisboa River

Rise with the sun for an early morning birdwatching along the Marañon River and enjoy breakfast in the middle of the jungle. Later, swim, canoe or kayak in Yanayacu-Pucate River as we look for the legendary pink river dolphins. In the afternoon, come with us to an Amazonian village, to interact with the native people and visit local schoolchildren.

Day 3: Samiria River

The rewards for our early start today are plentiful: a full day excursion including a picnic lunch that is accompanied by the jungle symphony, and fishing along the black waters of the Samiria River. On the way back to the Marañon River after lunch, we venture out by skiffs alongside the banana boats transporting jungle products, keeping an eye out for pink river dolphins.

Day 04: Nauta Caño River – Jungle Walk in Casual

As the day begins, embark on a morning wildlife excursion on the extraordinary black water Nauta Caño River. In the afternoon, we will take a jungle walk on the firm soil forest of Casual while looking for flora and fauna which may include medicinal trees, insects, and poison dart frogs. Learn more about the different rainforest strata and ecosystems. At night, focus our hi-tech telescope on the sky to identify the stars, planets, and the milky way.

Day 05: Arrival in Iquitos – Manatee Rescue Center – Transfer to the airport

In the morning, take a guided visit to the local market and marvel at the regional produce of the Peruvian Amazon, and sample exotic snacks if you wish. Return to the Aqua Nera for breakfast before disembarkation. En route to the airport, visit the Manatee Rescue Center, where orphaned Amazonian manatees rehabilitate before they are released back into the wild.

Note: Our itineraries may be subject to change according to local weather and water conditions.

What to bring?

Wearables: Comfortable walking shoes or tennis shoes, 3 or more long and short-sleeved shirts or blouses, vests with pockets that are useful for carrying camera equipment and other accessories, a windbreaker or sweater for breezy afternoons, waterproof socks (one pair per day), Shorts (at least one pair), T-shirts (at least three), bathing suit/swimwear, cotton underwear, hat or cap, several lightweight pants (more than two).
